# About Us

---

## Our Mission

**We love to save teachers time and help raise attainment. We believe learning should be engaging and teaching should be enjoyable.**

---

With many years' experience in the education market, Eastpoint is a specialist distributor of teaching aids, classroom resources, and reprographics equipment. Our sole focus on the education market, and our understanding of the wants and needs of teachers and students, makes us stand apart from our competitors.

We employ both past and current teachers to work with us to help us understand what is currently happening, and what is yet to happen, in schools and classrooms round the globe. We believe this is crucial to making sure our resources are the best they can be.

## Our Brands

---

**Since we were established in 2004, we have worked tirelessly to develop a strong portfolio of brands to meet the various needs and budgets of the education market.**

---

From our premium Swäsh™ stationery to our budget-friendly Classmaster® products; our heavy duty range of Razorback® equipment, to our environmentally-friendly re:create® brand (and everything else in between!) you can be confident that these products are right for the market.

# Marketing Support

---

**Buying with Eastpoint doesn't end once you start purchasing products. Eastpoint will always be available for extra support post-purchase to help you maximise the sales of every product you buy.**

---

Our in-house Marketing and Graphic Design teams can offer you high-quality photography of every one of our products, descriptions to meet any lengths or requirements, and assistance in laying out and creating pages for your catalogues.

Need help with your online catalogue of products, too? No problem. Our Marketing team offer comprehensive website critiques to help you maximise the effectiveness of your website in creating sales.

Our Sales team can offer you training, samples and comprehensive sales notes to ensure your sales teams are all on the same page. Face-to-face meetings to discuss challenges, opportunities and ideas are welcomed too.

# Customer Care

---

**We strive to go the extra mile for all our customers. When you buy with Eastpoint be assured that you'll receive the best levels of service. Our goal is to be an industry leader in customer care, and we welcome your feedback at all times.**

---

We promise to make initial contact within two business hours to any communication from our customers.

We promise to answer all queries within 2 working days, or provide updates every business day on our progress to resolve them.

We promise to answer all phone calls within three rings.

If you would like to find out more, just get in contact – we'd love to hear from you!

# Unique Swäsh Autostop Sharpeners

Super safe, ultra-tidy, and no more broken leads!

## How does it work?

Just like any other sharpener, you simply pop your pencil into the Swäsh Autostop Sharpener and twist it until it's done. The difference is that the sharpener has a built-in stop point to stop any pencils from over-sharpening and snapping.

No more broken leads, no more re-sharpening, and no more wasted pencils!

## Bonus!

Swäsh Autostop Sharpeners are also SuperSafe – a finger sleeve over the hole stops any small hands from wandering, and the cannister only opens at the bottom under a child-resistant locking cover. This also means that sharpenings are kept tidy inside (no spillages!) and the handy flip lid keeps any dust in, too.

| CODE      | COLOUR                                    | PACK SIZE | NUMBER OF PACKS |              |

## Everyday Electric Sharpener

This electric sharpener is perfect for both home and office use.

The durable long-life cutter takes all standard 8mm pencils and auto starts when the pencil is inserted. To prevent over-sharpening, the red light indicates when the pencil is sharpened and the safety feature cuts power when the shavings tray is removed.

The sharpener is safe to use with its high impact ABS body, non-skid rubber feet, and auto thermal cut-out to prevent overheating.

# SuperCut

Sustained Precision

Safe, easy-change cutting heads

## 5-in-1 Creative Cutter

This colourful 5-in-1 Creative Cutter is perfect for a wide range of art and craft activities, as well as simple straight-line trimming.

Every cutter comes with 5 easy-change heads - straight, perforated, wavy, deckle and crease.

The 4 specialist cutting heads either crease, perforate or creatively cut up to 2 sheets at once, while the standard straight-edge cutting head can trim up to 8 sheets of 80gsm paper or one lamination. Strong, metal base with printed size guides.

Spare cutting heads are also available, as even a SuperCut blade can get worn with regular usage.

## Everyday Tacker

This everyday tacker has been made to keep up with the demands of everyday use with its robust ABS body, strong metal handle, and internal parts made from high-quality steel.

The user's safety has been kept in mind too, as it also features a lock down safety catch. This tacker can take both 23/6 and 23/8 staples.

**EXPERT**<sup>®</sup>  
LAMINATION

EXPERT

# *Survival of the fittest...*

# EXPERT<sup>®</sup>

LAMINATION

*Engineered for educational & high volume use*

It's no secret that schools do a lot of laminating. That's why they need machines which can cope with their demanding workload. The Expert<sup>®</sup> Educational Laminator has been exclusively designed for schools and colleges, after years of intensive research and development.

# The heavy duty, easy-to-use laminator designed for schools...

## EXPERT Educational Heavy Duty Laminator

Engineered specifically for educational and high-volume use, Expert laminators are the ideal addition to any school or college.

Each machine features an ultra-tough, heavy duty body and chassis, an anti-jam reverse button, and a digital display for accurate temperature selection.

The operating instructions are clearly displayed on the front of the machine for ease of use, and a free handy laminating guide is included with every laminator.

- Effective hot roller heating system produces top-quality lamination
- EX320R (A3) has a heat-up time of 3 minutes 30seconds to 120°C, and laminates at 465mm per minute
- EX450R (A2) has a heat-up time of 5 minutes to 120°C, and laminates at 435mm per minute

For lamination smaller than A4, we recommend using an Expert Pouch Jacket.

Free pouch jacket with every machine

EX450R

## EXPERT Pouch Jacket

This pouch jacket is highly recommended to prevent jams, especially when laminating small or irregular items, or when the pouch is not completely filled with a document.

Also recommended for when using thin, lightweight laminating pouches, the user simply inserts their laminating pouch into the pouch jacket and starts laminating!

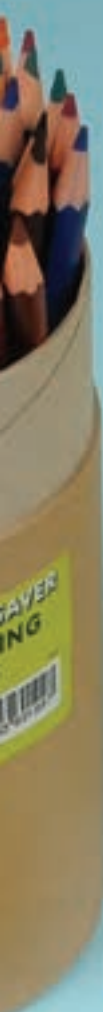

Made from special lightweight, heatproof material, this pouch jacket is much more effective than traditional card carriers.

A3 Size, for use with all A3 pouch laminators.

## Treesaver Recycled Colouring Pencils

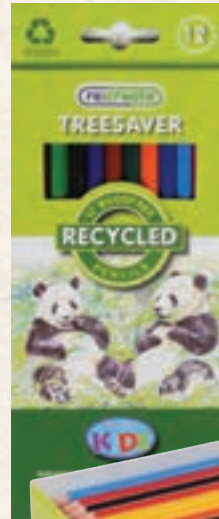

These eco-friendly, wood-free colouring pencils are great for classroom and office use, as well as for the environmentally conscious artist.

Every pencil is splinter-proof and chew-resistant, and has a tough outer casing to reduce cases of broken leads. These pencils have been made from 90% recycled plastic cups making them sustainable, but tough.

- Available in a variety of pack sizes, from a handy box of 12 to a classbox of 240
- 12 assorted vibrant colours
- Splinter-proof and chew-resistant

## Treesaver Recycled HB Pencils

These HB pencils are no ordinary pencils. Wood-free and made from 90% recycled plastic cups, these pencils are ideal for the environmentally conscious writers, drawers, students and teachers.

Not only that, but every pencil is splinter-proof and chew-resistant, making them perfectly safe for the classroom environment. The tough outer casing of each pencil reduces incidents of broken lead, too.

- Available in a variety of pack sizes, from a handy box of 12 to a classbox of 240
- Sustainable, but tough set of pencils
- Splinter-proof and chew-resistant

## Recycled Repositionable Note Pads

These boxes of 12 repositionable note pads are a great way to make classrooms and offices an eco-friendlier space.

Each pad is made from 100% recycled paper, and the outer cardboard box is made from recycled materials. There is minimal packaging too – no individual wrapping around each pad! Each pad contains 100 yellow sheets that are ideal for messages, quick notes and reminders.

Available in a choice of sizes.

| CODE    | DESCRIPTION          | PACK SIZE | NUMBER OF PACKS |              |

| R35RP12 | 75 x 125mm (3" x 5") | 12        | –               | 20           |

## Recycled Pastel Sticky Cubes

This pastel coloured repositionable note pad is a great way to make classrooms and offices an eco-friendlier space.

Each pad is made from 100% recycled paper, and the outer cardboard box is made from recycled materials.

Each pad contains an impressive 400 sheets to create a pastel coloured rainbow that is ideal for messages, quick notes and reminders.

# Have you experienced our marketing support yet?

**Buying with Eastpoint doesn't end once you start purchasing products. Eastpoint will always be available for extra support post-purchase to help you maximise the sales of every product you buy.**

Our in-house Marketing and Graphic Design teams can offer you high-quality photography of every one of our products, descriptions to meet any lengths or requirements, and assistance in laying out and creating pages for your catalogues.

Need help with your online catalogue of products, too? No problem. Our Marketing team offer comprehensive website critiques to help you maximise the effectiveness of your website in creating sales.

Our Sales team can offer you training, samples and comprehensive sales notes to ensure your sales teams are all on the same page. Face-to-face meetings to discuss challenges, opportunities and ideas are welcomed too.

# Our Mission

WE LOVE TO  
**save teachers time**  
AND HELP  
**raise attainment.**

WE BELIEVE LEARNING SHOULD BE

**engaging**

AND TEACHING SHOULD BE

**enjoyable.**
