# Why choose Show-me® Boards?

Show-me boards are more than mini whiteboards – they are fun, versatile and reusable classroom resources with no restrictions on how, where, when or why they can be used.

Just like the whiteboard on the classroom wall, Show-me Boards can also be used for workings, note taking, mind maps and more. Every student in the class can have one for individual work, and teachers can see a whole class of answers by simply asking for the boards to be held in the air. Visual assessment has never been easier, and there's no need to waste pen and paper.

Better yet, on a Show-me Board, there's no pressure to get things right on the first try. Who wouldn't be more confident with the ability to erase and start again?

# What do teachers think?

*“Show-me Boards offer me the ability to assess whole class understanding in an instant by simply asking a question, and then asking the children to ‘Show-me your boards!’”*

*“You can’t replace these with technology. It’s just not the same. We use both, but there’s so much more engagement and it’s so much more tactile with Show-me Boards.”*

*“A very worthwhile investment! The children always find them fun and I can see their work and how they’re doing just at a glance.”*

*“The simple fact that they are so correctable – they have their eraser right next to them – gives them confidence; they’ll try all sorts of things that they wouldn’t do on paper!”*

*“The Show-me Boards are an incredibly powerful tool. All the teachers I’ve worked with have commented on how much formative assessment and feedback they provide.”*

# Give Your Customers Mini Whiteboards That Last

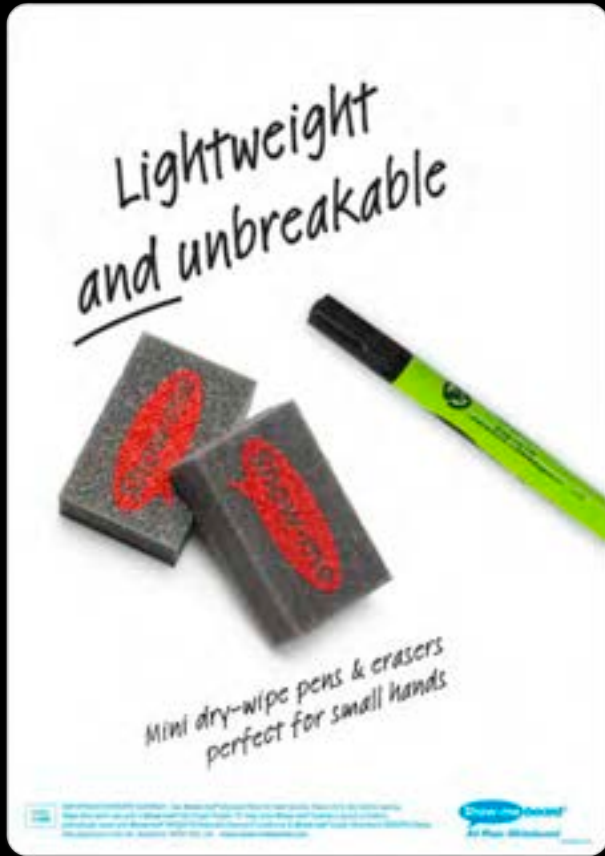

Show-me® Boards are the best value and highest quality mini whiteboards on the market, and will help your customers make the most of their shrinking budgets.

# All-in-One Classpacks

All Show-me Classpacks and Bulk Boxes come supplied in premium packaging that has been designed to safely store the boards and accessories in the classroom.

Each one-piece, A4 sized box has been carefully considered to ensure that it'll fit neatly and safely on classroom shelves, and can be used as long-term whiteboard storage to ease busy teachers' concerns about losing extra trays and lids.

Additionally, to make packing and unpacking the contents of the box easier, every box has been marked inside for ease of re-packing. No more wondering how everything fit in there in the first place!

We've thought about the small things too, such as the easy removal and replacement of the eraser box, and a handy flap for keeping the Teachers' Resources Booklet and MAGIX in place.

### Recommended for All Subjects

Given that all subjects involve writing, it's important to get writing right. With presentation at the forefront of many teachers' and schools' minds, these double-sided boards feature ruled lines at 20mm intervals, just like students' workbooks.

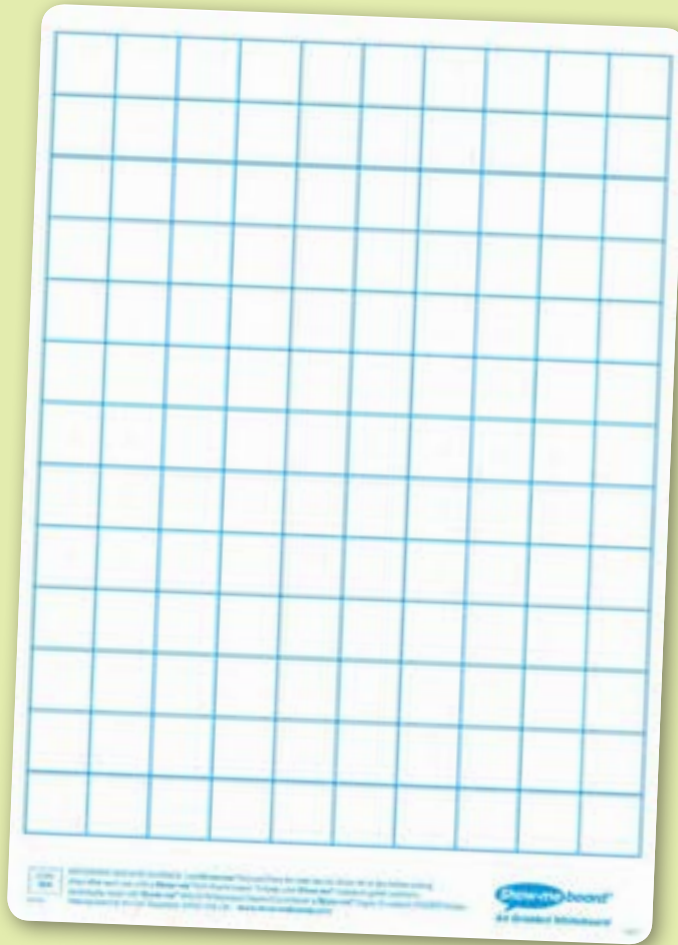

Each board helps students perfect their handwriting without worrying about the permanence of pen and paper, and is double-sided with a plain reverse for standard Show-me Board activities.

## Think inside the box with Gridded Show-me Boards

Gridded boards mimic students' Maths workbooks with a squared pattern that can be used for everything mathematical. From supporting children with laying out formal calculations to graphing and charting, gridded boards are a Maths classroom essential for all age groups.

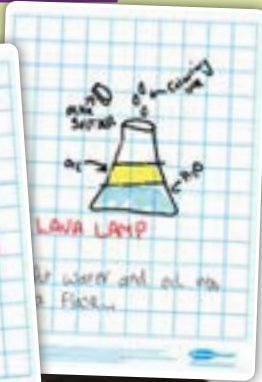

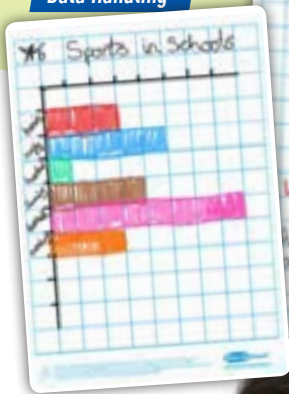

Not only that, but the gridded pattern can be useful in creating tables and planning experiments in Science and Geography too. Plus, with a plain reverse, these boards can be simply flipped over and used across the curriculum.

**BEST SELLER**

## Phoneme 6-Frame Whiteboard

These A4 Phoneme Frame Boards are perfect for the Early Years and Key Stage 1 daily phonic sessions. Now that all Year 1 children complete a phonics screening 'check', teachers need resources that make learning phonics both easy and accessible.

*Teachers love...  
Using the 4-frame board for tackling digraphs too, such as b-e-n-ch and t-r-a-ck.*

## What are Phoneme Frames good for?

The A4 Phoneme Frame Boards allow children to segment words and sounds in order to build their word recognition and reading stamina. They allow identification of a variety of phonemes including digraphs (such as 'ch', 'ck' and 'sh') and trigraphs (igh and air) so that children can also develop key spelling skills by breaking the words into their individual sounds.

# Hundred Square & Multiplication Grid

TOP SUBJECTS

## A4 Double-sided Hundred Squares

Hundred squares are an everyday, essential Maths classroom resource.

Teachers and students use Hundred Squares to find patterns, investigate numbers, and refer back to when working with a variety of mathematical operations. A drywipe Hundred Square can save teachers tonnes of paper, and means a variety of number patterns can be identified with just one resource.

Each board...

- Is double-sided and features one populated hundred square and one blank hundred square
- Features whitespace around the square for notes and observations
- Benefits from all the high-quality features of a standard Show-me Board

## A4 Double-sided Multiplication Grid

With the Multiplication Check being introduced for all Year 4 students in 2020, it's more important than ever that Primary School students master their Times Tables. These double-sided drywipe multiplication grids are the ideal resource for any maths classroom.

Each board...

- Is double-sided and features one populated 12 x 12 grid and one blank on the reverse
- Features whitespace around the grid for notes, workings and observations
- Benefit from all the high-quality features of a standard Show-me Board

Help your students overcome the challenges of visual stress on whiteboards with Show-me tinted drywipe boards.

This range of double-sided tinted boards are a huge help to many students with a variety of visual stress symptoms, including some dyslexic pupils.

These tinted whiteboards retain the strength, durability and erasability of the original Show-me boards, but benefit from an anti-glare formula, too. Where lines feature on the boards (on the lined and gridded versions) the lines are feint ruled to avoid harsh contrast. These boards are an invaluable tool for those with visual stress, but the whole class will want one too!

Available in single-colour packs of 5 in Plain, Lined or Gridded.

All packs of 5 are packs of boards only – see the facing page for All-in-One Classpacks.

# Rigid Boards

## Why Pick Rigid Boards?

Rigid Show-me Boards feature a solid MDF core with a premium drywipe surface on both sides that doesn't bend or flex. This means that they can be used as a tough, robust alternative to standard mini whiteboards, and are great for using when there's no desk surface available and for taking learning on the move.

# MAGNETIC

Colourful and fun to use, Show-me's Magnetic Range has always made a popular choice for teachers following a variety of phonics based teaching and learning programmes. The robust boards and easy to grab letters mean that students can show off their knowledge of letters, sounds and numbers without the pre-requisite of needing to be able to write, which makes these resources ideal for EYFS and the early years of Primary Schools.

- All Show-me Magnetic Boards are drywipe and magnetic on both sides
- Available in A4 and A4 for personal use, and A2 and A1 for wall-mounting if desired (fixings and pen tray included)
- All boards available in Plain/Gridded and A4 and A3 in Plain/Plain

### Every Show-me Pen also benefits from:

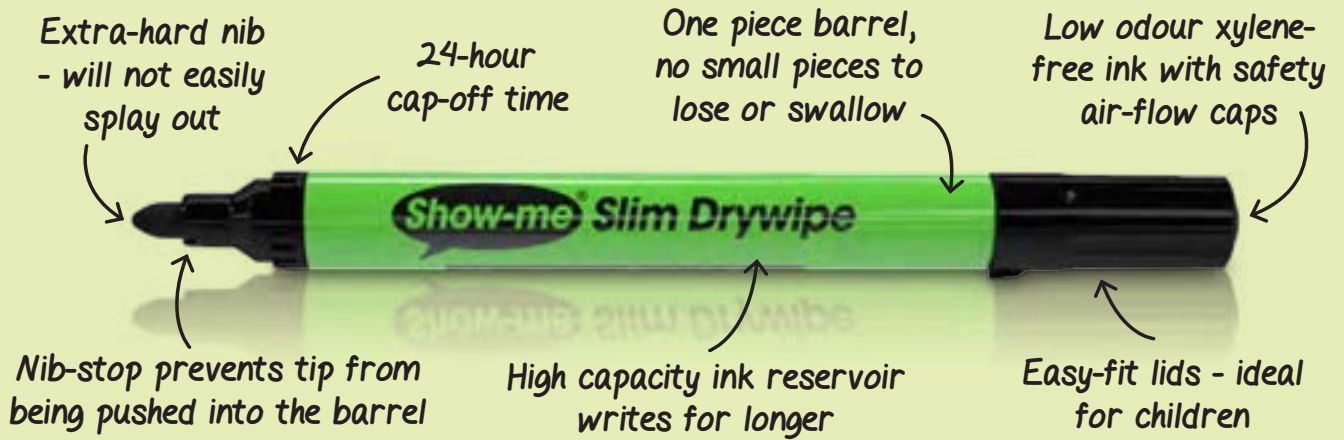

- A comfortable slim barrel that is ideal for use by children
- A 24-hour cap-off time to prevent drying out
- An extra-hard, anti-splay nib with nib stop to withstand the busy classroom
- A ventilated, easy-fit cap
- Low odour and xylene-free ink

# Mini Foam Erasers

## Designed with small hands and busy classrooms in mind

Show-me Mini Foam Erasers come in pack sizes that are ideal for kitting out whole classrooms in one go. Each super lightweight eraser is only 75 x 50 x 25mm - ideal for small hands to grab hold of, and soft to avoid any unwanted injuries. The simple design of these whiteboard erasers is super effective at removing drywipe ink with ease.

Available in Classpacks of 35 or Bulk Boxes of 100, and included in every Classpack and Bulk Box of Show-me Boards.

### Top Tip

The lightweight, aerated nature of the Show-me Mini Foam Erasers mean that they clean dried ink with very little need for high pressure or scrubbing. Simply wipe the eraser lightly over the ink and watch it disappear!

## Never have dirty whiteboards again

Effortlessly restore a new look and feel to wall-mounted and mini whiteboards.

It's two products in one!

### 1. CLEANER

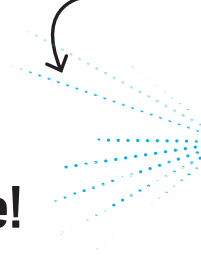

Makes all whiteboards like new. Each application effortlessly removes ghosting, stubborn staining, ball point pens and will even eradicate permanent marker.

### 2. CONDITIONER

Adds a conditioning microfilm layer to the board surface which not only improves the erasability, but gives a far smoother writing experience.

MAGIX™ comes in a trigger spray bottle for ease of use, and contains approximately 250 applications. This means that for **less than 4p** per application, any whiteboard will look and feel brand new.
