USE YOUR...  
**Lined Whiteboard**

Get the first player to write a simple sentence.

For example, 'The dog ate the cake.'

The next player must then take the board and insert an additional word or piece of punctuation.

For example, 'The dog ate the chocolate cake.'

Players keep taking it in turns to make the sentence longer, but must ensure that it still makes sense!

The dog ate the cake

The dog ate the  
chocolate cake
